# Who We Are

## The UK's No. 1 pub lead generation website

FindMyPub.com is an independent lead generator for the leased, tenanted, and operator agreement pub sector. We help applicants find, view, and apply for pub opportunities via our online platform. As the UK's leading source of Pub Opportunities, we are the perfect platform to engage with your future customers.

# What We Do

## So much more than lead generation

FindMyPub.com works closely with our pub company partners, allowing them to control their parameters by agreement type or at pub level to ensure that we provide pre-qualified and closely matched applicants. In addition, our integrated intelligent Ai system is fully configurable, allowing pub advertisers to tighten or lessen their applicant parameters as they see fit via a bespoke online portal.

# How We Do It

## Embracing the latest technology

Our platform is fully automated, removing any time restrictions for enquiries – allowing applications in real-time without needing manual intervention. Our technology allows us to offer this service without losing the ability to diminish the quality control parameters that our clients require. Our tech team work continuously to make this platform both intelligent and super-efficient.

A warm, dimly lit bar scene. In the foreground, a man with a beard and glasses, wearing a dark jacket, is laughing heartily while holding a glass of beer. Next to him, a woman with long brown hair, wearing a dark patterned top, is also laughing. They are seated at a wooden bar counter. In front of them are several glasses of beer and water. In the background, a bartender with a beard and a red t-shirt is leaning over the bar, also laughing. The background is filled with shelves of various glasses, creating a bokeh effect.

## Why We Do It

### An uncompromising love of this industry

We aim to drive as much talent as possible into our nation's pubs – while offering our pub company partners a trusted service that gives them a flow of qualified applicants, saving them time and resources.

We believe that the pub industry and pubs are the bedrock of our communities and want to support the next generation of publicans in achieving their dreams of running a pub.
